Please join us as we kick off National Adoption Month by sharing our perspectives as specialists in post adoption!

The authors will discuss ***Adoption Is a Lifelong Journey***, a tool for parents, caregivers, professionals and anyone who wants to understand more about adoption. Narrated by Charlie, the book takes the reader through the challenges of adoption as he grows up in his adoptive home, such as building trust, feeling a sense of worth, relating to his beginnings, and establishing his identity. By using the child's perspective, adults reading this book are given the chance to hear what a child may be feeling at a time when communication may be difficult.
