

Youth Needs Strategic Plan

HOW WOULD YOU INVEST IN VALLEJO'S YOUNG PEOPLE?

- More jobs and internships?
- Better access to mental health support?
- Safe places to hang out and connect?
- Youth-led programs?

We need your ideas!

Vallejo is creating a roadmap for how the City and community can better support young people ages 14 to 24. Youth, families, community members, and youth-serving organizations have already helped shape the draft Youth Needs Strategic Plan. **Now it's time to decide what should come first.**

Take the short survey to:

- Tell us which actions should be priorities
- Help shape how Vallejo invests in young people
