

IMPORTANT NOTICE

This door hanger is **NOT** from the Vallejo Water Department.

The Water Department has received calls recently saying that a company is leaving these notices at customers' homes.

- ✗ **We did not place this notice at your home.**
- ✗ **We are not associated with the company listed.**
- ✗ **We never ask to enter a customer's home.**

What is that door hanger?

This door hanger appears to be a marketing solicitation from a private company that wants to sell something to you. These notices may look official, but they are not from the City of Vallejo or the Vallejo Water Department.

If you receive this door hanger, do not call them. If this company's representatives come to your home, do not let them in.

Vallejo drinking water continues to be rigorously and thoroughly tested. Results show we meet all standards required by the state and federal governments for water quality, purity, and safety.

If you observe someone impersonating a City employee, please call 9-1-1.
