Once inside Tyler SIS Student 360, you will have access to several different areas of information for each child you have enrolled in the district. Each of these areas is explained below.

Navigating

Tyler SIS Student 360 is designed to be touch-friendly for tablets and computers with touch screens, but it also works well with keyboard-and-mouse input. Throughout this document, wherever the word “click” is used, tablet and touch-enabled computer users can tap instead.

The Navigation Bar sits at the top of the screen and allows you to navigate quickly.

- **Back** – go back a page
- **Home** – return to the Student Summary screen
- **Menu** – this menu shows all of the areas to which you have access so you can quickly navigate between areas without returning to the Student Summary
- **Student** – switch between your students enrolled in the district
- **Year** – choose the Academic Year for which data displays
- **User Preferences (displays as your name)** – access Notification Preferences, change your password, and log out from this menu
- **Language** – change between available languages
- **Help** – access a general navigation guide for Tyler SIS Student 360

At the bottom of each screen is the Tool Bar, which changes based on which data area is being viewed. The rest of the screen displays student data.

Throughout Tyler SIS Student 360, student data is arranged into Data Grids, with one row per record (for example, one row per course on the Course Schedule screen and multiple columns. When viewing a Data Grid, you can sort the data by clicking on a column heading.

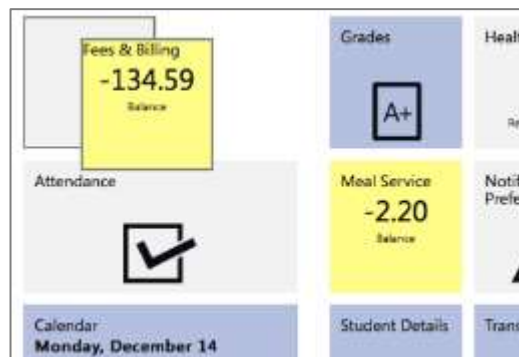

The first column on many Data Grid screens is labeled “More” with a + (plus sign) icon for each row. The + icon indicates more data is available. Clicking a + icon will expand the row, and the icon will change to a – (minus sign). Click the – icon to collapse that row and hide the extra details.

Screens that have More columns also have Expand All and Collapse All buttons on the Tool Bar. Clicking those buttons will expand and collapse all of the rows on the screen.

Student Summary

Upon logging in, the Student Summary screen is displayed. The student's picture and name appear in the upper-left of the window, and the Academic Year shows on the right. Each of the tiles on this screen link to data for the selected student in the selected Academic Year.

You can rearrange the tiles on this page so that the tiles you feel are most important for a student appear first. To move a tile, click and drag the tile where you want it to be. When you drag a tile to a location, a gray outline will appear, and letting go of the tile will snap it into that place.

Some tiles on the Student Summary screen show a quick summary of that area. For example, the Assignments tile shows the number of assignments due today and tomorrow as well as indicates how many assignments the student is missing. Additionally, some tiles turn yellow to alert you that something needs your attention. In the screenshots above, Fees & Billing and Meal Service are yellow to indicate the student has a negative balance in those areas.

Tiles come in three sizes: Normal, Wide, and Large. Two Normal tiles or a single Wide or Large tile fit into a column. The tiles flow from top to bottom, then from left to right into each column. Tyler SIS Student 360 will remember how you arrange each column for each student. Switching Academic

Years may change which icons are available, and this may result in previously-arranged icons being moved.

A dialog box titled "Select Tiles" with a list of 18 items, each with a checked checkbox. The items are arranged in three columns. At the bottom, there is a green bar containing four icons: a checkmark in a circle, a checkmark in a circle with a diagonal line, a checkmark in a circle, and an 'X' in a circle. Below these icons are the labels "Select All", "Deselect All", "Save", and "Cancel".

☐ Show Progress Grades

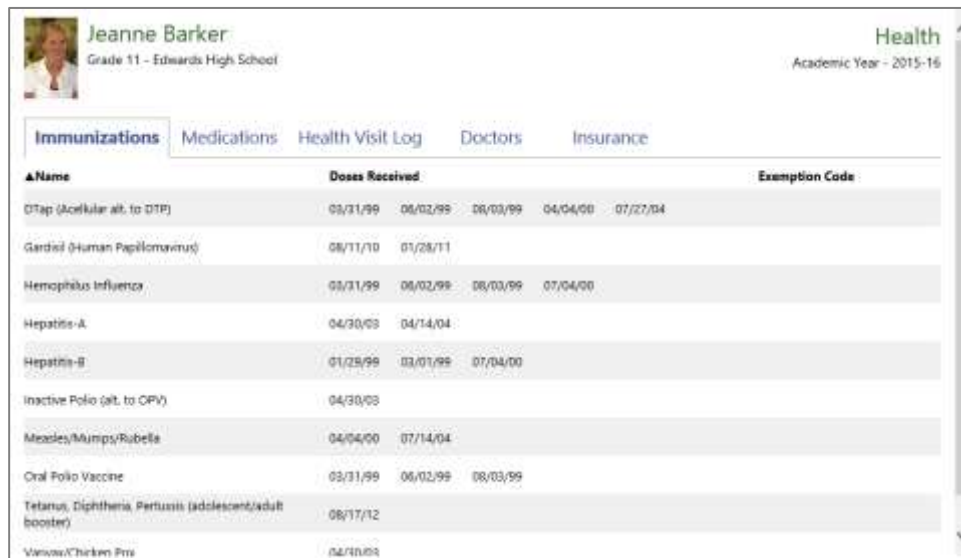

Student grades display on the Grades screen. This screen combines gradebook grades with posted end-of-term grades to give a complete overview of the student's grades. The Grades screen has two views: Traditional, where regular letter grades display, and **Standard-Based, which shows student marks for curriculum standards.** Click the title of each to switch between them. **Standard based are not used by St. Peter Interparish School.**

Traditional

The Traditional view shows each course where the student has a grade and a column for each term. Progress grading periods can be turned on and off by using the Show Progress Grades checkbox at the bottom of the screen. Students who are enrolled in multiple schools, like both a high school and a career education center, will have one grid for each school and show the grades from that school separately.

Grades that are underlined are links to see gradebook assignment details for that class and term. If the grade shows with a green background, that grade is an in-progress grade that has been calculated from the gradebook, rather than a finalized grade that appears on a report card. Use the + icon in the More column to see additional detail for that course, including a link to Attendance and to email the teacher.
