SCIENCE IS FUN! SCIENCE IS FOR EVERYONE! 2017

Join us as we explore the electrifying world of science during Summer Science Camp.

Participants will learn and explore the world around them. Amongst the many activities, they will explore chemistry, physics, biology, botany, astronomy and geology. They will perform experiments, create, explore, hypothesize, build and invent. If your children like exploring the world around them and making new friends, they'll LOVE this summer's Science Camp!

We schedule 12 classes a day in order to keep things moving and all are focused on hands-on fun, learning and exploration in a disciplined, yet active environment. The staff is comprised of bright, energetic, top-notch elementary and high school educators and college students.

Fees cover classes, all activities and supplies, snacks and a hot lunch.
