

Introducing the MRW Conservative Cook Book Club

Bon Appetit!

Hey Book Club Lovers! We have a fun opportunity for you to enjoy a book club but with a conservative cook twist!

The MRW Conservative Cook Book Club

1. Do you love to read?
2. Do you want to learn more about the history of culinary arts?
3. Do you love to cook or aspire to be a better one?

If you answered 'yes' to any of these questions, you are the perfect MRW member to join The Conservative Cook Book Club! In this book club, you won't have to purchase a book; you'll use your own cookbooks as a resource. You will read, learn, cook, enjoy MRW camaraderie, and most importantly, have fun! You will participate in creating an MRW Conservative Cookbook at the end of the year that we will sell to create funds to help MRW promote conservative candidates. Culinary Arts is about creativity. Let's put our chef hats on and together start creating!

As we are expecting a great response, we are limiting each individual club to 15 members. We will have as many clubs as needed to accommodate the response. All individual clubs will meet twice per month. Each quarter, all clubs will gather for a social event.

Membership is \$25 per year. This cost will defray the costs associated with local guest chefs, printing, and other expenses defined by each club. Each club will have an identical platform; however, each club will have its own leaders: Chef (chair), Sous Chef (vice chair), House Manager (Treasurer), and Hostess (Secretary).
