### Mock Job Interviews for State Street Academy

Are you a business professional who has had experience conducting interviews, or is someone in your organization looking to improve their skills providing interviews? The Bay Area Chamber of Commerce is looking for professionals with a strong sense of commitment to our community to provide personal and professional development to our upcoming talent.

#### What are the advantages to helping conduct a mock job interview?

- Mock job interviews help students build their soft skills. This is one of the top skills employers' currently see lacking in the work force.
- Students hear how the interviewer was able to get into their profession and hear the path that they took to get there.
- Students will start to build a network by speaking with local business professionals. In the past this has led to mentorships and potential employment opportunities.
- Mock Job Interviews help to reduce stress and build confidence for students before going to an actual interview.

#### Shifts are as follows:

12:00 p.m. - 2:00 p.m.

*Location: Dow Bay Area Family Y*

*225 Washington Ave.*

*Bay City, MI 48708*
