

April 24, 2021

Dear parents,

We hope this message finds each of you and your families safe, well, and in good spirits.

We are excited to provide an opportunity for students to engage on a limited basis for in-person learning and support as deemed appropriate. There will be many safety precautions while we facilitate this process. This letter relates to precautions about food service and consumption.

Per DCPS guidelines students must only consume food in designated areas. It is imperative that ALL students adhere to this and all requirements for safety. Given that we are required via Covid restrictions to provide designated space for food consumption we must ensure that students adhere to these strict guidelines. This will also ensure adequate cleaning.

8:15 Building will open for students

- **Students will be directed to designated waiting area, maintaining social distancing guidelines**

8:30-9:15 breakfast (bag breakfast)

- **Designated areas/times only**
- **Masks must be worn to and from tables**
- **Masks can only be removed while students are seated and eating**

9:15 am transition to class via escort

9:30 am classes began

12:20-1:05 pm students will have lunch

- **Students must eat in designated areas with their designated cohort based on cohort schedule**
- **Masks must be worn to and from tables.**
- **Masks can only be removed while students are seated and eating**

Your signature below indicates that you have read and understand the requirements for the timely consumption of food in designated areas only. Please return to reopenstrong@ellingtonarts.org.
