

NIC Job Corps

Here to help your students

Do you have current students who need extra support? NIC Job Corps is here to help!

Students ages **16-24** who are low income may qualify for NIC Job Corps. We are accepting applications throughout the year for new and current students at NIC who may need extra assistance to get passed their barriers for education.

How NIC Job Corps can assist at risk students:

- 100% tuition assistance for NIC programs (including Workforce Training and CTE programs)
- Career exploration
- Community resources and referrals
- May financially assist with meals and childcare
- Bi-weekly stipends for meeting weekly hours
- Meets weekly with caseworker

If you would like to know more about Job Corps, our team can do an in-depth presentation (about 15 minutes) on how we can assist students and meet their needs.

Please email Jessica Miley at jrmiley@nic.edu.

All staff and faculty are also welcome to join on weekly information sessions held on Thursdays at 1 p.m. here: <https://nic.zoom.us/j/94945613439>
