

2023-2024 Annual Work-Study Supervisor Training Sessions Scheduled

Hire a work-study student!

Does your department need extra help? Do you have an opportunity that will give a student valuable educational experience that can be added to their resume and put money in their pocket to help with additional expenses?

Are you a faculty member that needs to hire a teacher's assistant?

All staff and faculty can be eligible to hire a work-study student in their office or department once the annual supervisor training has been completed.

For the 2023-2024 academic year, there are many changes and updates to the program. To learn about the program, re-up your knowledge, and become authorized to hire, please join one of the following training sessions: (*Note- each session is scheduled for 2 hours to allow for discussion, if necessary*)
