

Who We Serve

MAC provides therapeutic services to a broad spectrum of youth and young adults between the ages of 18 months and 21 years of age who have autism spectrum disorder (ASD). Our services are center-based and in-home, utilizing several therapeutic modalities.

“ We improve the lives of the people in our care affected by autism ”

Who We Are

Our Philosophy

Our philosophy is that autism spectrum disorder (ASD) is not one size fits all. It affects all racial, ethnic and socioeconomic groups. This is why MAC is proud to offer services to a broad spectrum of youth and young adults with a focus solely on ASD.

Our Team

Our team of behavioral therapists, clinical staff and licensed mental health professionals are here for you, ready to make a difference. These team members include board certified behavior analysts, doctorate-level psychologists, licensed social workers, licensed marriage and family therapists, and licensed professional clinical counselors.
