Hello! ¡Hola! Bonjour!Ciao! Jambo! Hallo!

Emphasizing the requirements of the International Spirit Award requirements and the Scouts for SDG's, Scouts and Scouters can experience World Scouting. Along the way, you could earn patches and awards! Here are just a few of the activities you can enjoy:

JOTA/JOTI

The **Jamboree-on-the-Air (JOTA) and Jamboree-on-the-Internet (JOTI)** are annual events organized by the World Organization of the Scout Movement, taking place on the 3rd weekend of October. Last year, over 1.5 million Scouts and leaders from more than 170 countries participated! Participation in these events will help fulfill requirements for the Citizenship in the World or Digital Technology merit badges and earn Scouts the 2024 JOTA-JOTI Patch!

- ·**Jamboree-on-the-Air (JOTA)** connects Scouts worldwide through amateur radio, linking communities both near and far. There are numerous ways to engage Scouts in JOTA, making it an exciting opportunity for all.
- **Jamboree-on-the-Internet (JOTI)** utilizes the Internet and various devices to connect Scouts from around the globe. It provides a safe and enjoyable way for Scouts to communicate internationally, allowing them to meet and participate in a variety of online activities during the weekend, including Zoom sessions with Scouts from other countries and guided tour of the Jamboree on the Internet website.
