## News Releases

### ABC: Nonresidential Construction Dominates Industry Job Creation in August

"This is the era of the megaproject," said ABC Chief Economist Anirban Basu. "While many private developers are encountering harsher lending markets and suffering greater difficulty financing projects, the transformation of American manufacturing, combined with accelerating infrastructure spending, has dramatically increased demand for construction workers. Many of these projects exceed \$1 billion. This is especially true in certain parts of the nation, including Ohio, Texas and Arizona."
