WELCOME NEW MEMBERS

- [Elevate Safety & Risk Management, LLC](#)
 - [Giant Construction](#)
 - [Level One Construction](#)
 - [Michael Bray Construction](#)
 - [Saboo Inc.](#)
 - [Scott Construction Specialties, Inc.](#)
 - [Smelly Mel's Plumbing Inc.](#)
- As always, your support of the ABC Northern California's products and services is greatly appreciated!

ABC NorCal Member **Christian Pellecchia,** **Bart Bruno, Controller, Monterey Peninsula Engineering**

1. What is your current occupation?

- I am the Controller for our family company, Monterey Peninsula Engineering. We are a heavy civil general contractor that serves the Monterey, Santa Cruz, and San Benito Counties.

2. How long have you been a member of ABC NorCal?

- I remember we joined around the time I was in kindergarten so that would be coming up on 25 years.

3. Why did you join ABC NorCal?

- Back when we joined, I was still learning to read so my memory is a little fuzzy on that one. However, I know we remain a member with ABC NorCal because BAC NorCal fights the good fight. As a merit shop contractor; construction can be a hard industry. Between things like unions pushing PLAs and labor compliance growing ever more difficult, your neck is always on the chopping block. ABC NorCal helps us stay informed and goes to bat for us on the issues we face.

4. What's your favorite part of being a member of ABC NorCal?

- On the professional side, they have done a great job of keeping us in the loop when PLAs in our area are sneaking their way onto a City Council's agenda. We've had to fight at a moment's notice, and they have always been there for us. On the personal side, there is something to be said about being in a community of like-minded individuals. We all believe that every company should have a fair chance to work, and that open competition is what is best for our industry

5. What area council do you currently volunteer with?

- I serve on the Central Coast Area Council and have been the chair for the last 5 years.

6. What do you enjoy most about volunteering?

- ABC NorCal is a member driven organization. Without our involvement, ABC NorCal ceases to exist. Volunteering on the Area Council brings everything closer to home. ABC NorCal isn't just some organization in a city far away from you; it is your local community of contractors. It can provide a tighter unit that is ready to act when PLAs are knocking on the door.

Membership Proof Listing Deadline August 31, 2023

It's that time again!

Please submit your membership proof listing to Frances Ruelas, Member Engagement Manager at frances@abcnorcal.org or fax to 925-474-1310.

If you need another copy of your Membership Proof listing, please contact Frances.

Membership proof information was sent via email (from Frances) June 2023.

CONSTRUCTION EXECUTIVE

Stay on top of the latest construction industry news and information with Construction Executive's redesigned digital newsletter!

Congratulations STEP Participant!

[Anderson Pacific Engineering Construction, Inc.](#)

Safety Training and Evaluation Process (STEP)

Founded in 1989 as a safety benchmarking and improvement tool, [STEP](#) has evolved into a world-class safety management system that dramatically improves safety performance among participants regardless of company size or type of work. Participating ABC member firms measure their safety processes and policies on 25 key components through a detailed questionnaire with the goal of implementing or enhancing safety programs that reduce jobsite incidents.
