

Orange County Gun Owner's

Shooting Social – August 25th

- Every month, for new and advanced shooters!
- Each shooter will have a mentor with them the entire time.
- Held on a private range in Orange.
- Ammunition, firearm rentals, eye and ear protection, and pizza are included in the cost.

Event Details:

For new and experienced shooters, this is a fun night to try out many different firearms, from handguns to long guns with an experienced mentor by your side to help out with marksmanship and safety. Our organization is dedicated to advancing the Second Amendment in Orange County at the local level. Part of that goal is accomplished by introducing new shooters to firearms and removing the mystery and fear that new shooters frequently have. Children are welcome as long as parents are present for the entire event!

We have this event once a month with several volunteers who are experienced instructors and coaches to ensure that everyone is safe and has a great time! All necessary equipment and ammunition are included in the event cost, and you can

RSVP by paying through PayPal at the link below or contacting me with any questions about the event. You are welcome to bring your own firearms, but please contact us ahead of time. We hope to see you there and look forward to working with you!

Cost: \$50
