April 14, 2020

Dear Friends,

Greystone's mission of supporting children, adults and families living with Autism and other developmental disabilities by enriching lives, one person at a time relies fundamentally upon the foundation of a dedicated and passionate support staff.

Because of our Direct Support Professionals (DSPs), Greystone's foundation is stronger than ever. Greystone's front line staff is comprised of the most committed, skilled and compassionate DSPs in the field.

Each DSP has maintained a calm, positive and focused approach to our mission during the current COVID-19 health crisis, while working in an environment that mandates life-and-death responsibilities. The resolve is evident, as our staff come fully prepared to support our most vulnerable population each day, leaving their families and risking their own well-being to do so.

I'm inspired by the relentless pursuit of excellence demonstrated by our DSPs to ensure the highest quality of support to those in our care.

To all of Greystone's Direct Support Professionals, and on behalf of the entire agency, a heartfelt thank you. You are true heroes.

Sincerely,

Skip Pryce, CEO
Greystone Programs, Inc.

We are dedicated to supporting children, adults, and families living with Autism and other developmental disabilities by enriching lives one person at a time.
