HIGHLIGHTED EVENT

BUILDING THE SKILLS FOR SUPPORTING GOOD HEALTH

WEDS
3/29/23
10:00 AM - 11:30 AM

Join the Regional Centers for Workforce Transformation for this free workshop! Welcome both new and returning attendees to the fourth workshop of the

Building the Skill series. For the month of March, we will be diving into the Core Competency: Supporting Good Health. It is a nuanced, complicated and somewhat challenging arena for everyone! After 3 years of living during one of the biggest health crises of our time, we find ourselves reinventing ways to navigate the systems of our health and wellness both physically and mentally. Joins us and we delve into worlds of emotional and physical wellbeing as affected by today's lifestyles. As always, this workshop is intended for frontline supervisors (Those who directly supervise Direct Support Professionals) but is open to everyone who wishes to be a part of the journey. We look forward to seeing you all as we explore the core of every relationship in the lives of people being supported
