Name: Ariel Hasak-Lowy
Pronouns: she/her/hers
Age: 20
Hometown: Evanston, IL
Years at Tavor: 11th!

Tell us a little bit about yourself:
I am a sophomore, Educational Studies and American studies major at Macalester College. I love stripes and the color blue. My favorite machaneh meal is pasta bar. My favorite ice cream flavor is mint chocolate chip.

What is your job at Tavor, what will you be doing?
I am Rakezet Chinuch which means programming director. I will be creating the tochnit (curriculum) which will help outline the education that will be happening over the summer, as well as supporting the process of planning the rest of programming that goes on.

What are you hoping to accomplish this year?
I am hoping to create an inspiring tochnit that will support tzevet (staff) creating content for the summer. I am also excited to create better systems and methods for planning content so it can be the best it can be and most enjoyable for tzevet and chanichimot (campers).

What activity are you most looking forward to sharing with campers?
I love the Beit Omanut (Art House) and making homemade postcards to send to friends and family. I love to run that as a Zman Chadash and spend time with chancihimot in the Beit O exploring all the supplies, especially stickers and stamps!

How did you first come to/hear about Tavor?
My dad went growing up and then all of my cousins went! I was so ready to go once I got to be 10!

What is your favorite memory of camp?

Last summer it rained so hard that there were giant puddles everywhere, so we took out some canoes and kayaks and the Amelimot and I boated around, it was amazing!

What's your favorite part of camp?
I love the spontaneous fun that is created by tzevet and chanichimot together, and especially love making new chants and songs!

Last but not least, What movie would be greatly improved if it was made into a musical and why?

Cloudy with a Chance of Meatballs would be awesome as a musical! Singing giant food falling from the sky sounds like a great idea to me.
