

Volunteering with JStreet

By Mia Strubel-Iram, Madatz 2019

This past Friday I volunteered with [JStreet](#) for their annual Chicago luncheon.

JStreet is a Jewish led organization that works to create a just, two state solution to the Israeli-Palestinian Conflict. I have been really interested in JStreet's powerful and important work and I have wanted to bring JStreet U to my school for a while now.

Having the chance to volunteer at this event was awesome because I was able to meet super cool anti-occupation activists who, much to my surprise, weren't only young people.

I enjoyed having the experience of surrounding myself in a space with people who were all very passionate about an issue I care deeply about!
