e-Giving Launch

We are excited to announce the launch of our new e-Giving application on August 1st, 2020. This new capability replaces the EasyTithe and Go-Fund-Me approaches that we have offered in the past. With this change you will experience a number of improvements:

- Simpler-to-use navigation
- Easy access from our web site, via social media, and even through your smart phone
- More of each dollar donated will be available to be used for ministry
- Transactions are processed via one of the world's largest, most secure, and most efficient financial platforms
- Instant confirmation of the success of your transaction
- Nearly instantaneous confirmation letters to your email in-box
- Clear guidance regarding the funds from which you can select, if you choose to designate your gift

In addition, this move reduces the risk of data entry errors, and improves productivity for our Settlement staff.

If you would like to take an early 'test drive' of the new site, you will find an active URL below. The site is 'live' and functioning, so if you choose to make a donation by either credit card, or Electronic Funds Transfer, your donation transaction will actually process now, just as it will in the future.

Take a look and let us know what you think by contacting Brittaney Patterson at 606-337-3613 ext. 321!
