Greetings from the Greenhouse!

Greenhouse #2 is looking good but not quite operational yet. You can see the difference in the before and after pictures. Thanks to our gracious donors, including the Kentucky Farm Bureau in Bell County, we were able to get all of the structural upgrades made. New plastic covers, new treated wood baseboards, and permanent Polycarbonate ends.

Now we have the electrical work to be completed. Reconnecting several fans (exhaust, inflation, and circulating), installing thermostats, a heater, and lights. I have confidence in the Settlement's diminished maintenance staff to be able to get this all done, but if there is an electrician or you know an electrician, that would like to volunteer, please have them contact Jerry Lambdin, 606-337-3613 ext. 315.

Now we start saving up for GH #3 to be renovated in the Fall of 2021. Currently #3 is waiting to have a new gas heater to be installed. We tried to reuse the old heater from GH #1 but it failed us when we needed it last Spring during all of the late frosts and freezes.

GH #4 and the High Tunnel are still happily supplying produce. It is not a lot, because I am only one person, but it is enough to supplement our kitchen and the Clear Creek Baptist Bible College kitchen. We will increase productivity in the coming and expand our selling capabilities. Stay tuned.

Your prayers are needed for an exciting new phase of our operation. We will be seeking a Vista Worker that has greenhouse experience. This will not take place until early 2021 but now is the time to start praying for God to locate the correct person for this position. This person will hopefully help with starting the trade program for local youth who want to learn about greenhouse operation. I am very excited about this prospect.

If you would like to donate to support the Greenhouse Operation.

YOU can do this either by check direct-mailed to Henderson Settlement marked for the Greenhouse (use the enclosed envelope) or via e-Giving at

https://www.hendersonsettlement.com/online-giving.html

and choose Greenhouse Support from the drop down list.

Thank you for all of your support!
