Become a Volunteer In Mission

A summer or fall week typically starts on Sunday and ends early Saturday morning. The cost for a week per person is $250 and includes all meals, housing, and programming. It does not include if you wish to pick up a project.

If you go to our website you can find a number of documents that will help you understand our program. You can select "download team leader's packet" and get all the information in one spot or you can select the individual forms tab and select which of those you are interested in viewing.

We have a program scheduled each evening with the exception of Wednesday and Friday. Each program lasts about an hour and then free time is available until 10:30 curfew. Work begins at 8am and the workday generally ends at 4:30 followed by the evening meal which is at 5:30. Wednesday is a scheduled free day but groups can choose to work all or part of the day if they wish.

Here is a brief description of the type of jobs that are available to do:

- **Community Home Repair**- Groups can choose from a large list of possible jobs to do on a home in the community. Those jobs can range from painting to flooring to windows to roofing. Each of those jobs has a material cost associated with them that the group is responsible for. The cost is listed next to the job description so you know that in advance. The group is expected to provide a skilled person that can lead them.
- **Henderson Settlement Campus**- Groups can choose to do a repair or new building project on our facilities. We create a separate list of projects that a group can choose from that gives a brief description of the job and the cost for materials to do it.

Nonspecific jobs- These jobs require no materials cost and can be a variety of things here on campus or in the community. Groups can also work in the different ministries we have here including our thrift store, food pantry, baby pantry, library, green houses, farm, afterschool program, and others as needed. Any combination of these three is possible as well.

We hope this is helpful and know that it may create more questions which we are happy to answer. Jerry or Jessica are looking forward to hearing from you.
