Staff Changes

We are pleased to share with you that on November 4th, **Tammy Teague** will began her new role as Community Outreach Director! This change, in part, fills the void created by Frankie Blackburn's retirement this year at the end of July. Tammy, a local community member, has past Settlement experience working in Community Outreach. She is transferring from her current HR/Payroll job to assume her new role.

After searching for the last several months and reviewing about 30 applicants,

Tina Webb has been hired as our new Human Resources Professional/Office Assistant in the Finance Office. She will replace Tammy Teague who is moving to the new position of Outreach Director.

Tina comes to Henderson Settlement with several years of management experience, particularly in the local School Systems. Tina and her family live in Frakes and she is excited to be serving with Henderson Settlement.

Please welcome Tina to the Henderson Settlement family!

On the same timing, **Chris Rife** will be joining our staff as Youth Development Director. Chris, a UMC pastor, and former leader of PB n J Ministries, has demonstrated capability of developing and leading youth programs.

We are excited to have both Tammy and Chris as members of the Settlement Leadership Team, bringing even more focus to the critical priorities of Community Outreach and Youth Development.
