

Settlement Shutdowns

In our continuing effort to conserve funds and minimize expenses, Henderson Settlement will shut down for all but critical operations (care of our animals and plants, as well as our security staff) during the week of Thanksgiving and for two weeks at Christmas (December 21 - January 3). All offices and ministries will re-open on Monday, January 4, 2021.

Since most of our current employees will be able to use their vacation and holiday pay during this time, we feel this is a good way to care for our employees while at the same time preserving our limited funds for our ministries in 2021.

We appreciate your patience during these last weeks of the year and encourage you to contact the Settlement with any concerns or questions prior to our first shut-down beginning November 23, 2020.
