Greetings from the Greenhouse!

Hello! I'm Hagon. In the previous newsletter it was announced that I was hired at the greenhouse as a vista worker. My start date was April 12th and I've learned so much since then. When I first started I didn't know anything about flowers and very little about vegetables. Casey has taught me a lot in the past few months since I've been able to be a part of the greenhouse. I'm looking forward to the rest of my vista year and beyond.

We have had a very busy spring/summer here at the greenhouses. Our plant sales were great this year. Although our plant sale season has come to an end the fun isn't over yet. We've been planting and harvesting produce for our dining hall here at Henderson Settlement and the Clear Creek Baptist Bible College. We finally got the high tunnel planted with help from a few volunteers!

We're very excited about the amount of fresh vegetables we'll be able to produce. As we look to the future, we have hopes of adding a wash and pack station so that we can wash, package and market fresh produce to more venues. Also we hope to add heat to the current High Tunnel and possibly another High Tunnel. https://growappalachia.berea.edu/programs/high-tunnels/

We will have mums available for purchase this Fall. Please contact Casey or Hagon about mum orders by calling 606-337-3613, ext. 320 or email Casey at missadv2@hsumc.org.

If you would like to donate to support the Greenhouse Operation.

YOU can do this either by check direct-mailed to Henderson Settlement marked for the Greenhouse (use the enclosed envelope) or via e-Giving at

https://www.hendersonsettlement.com/online-giving.html

Thank you for all of your support!
