OUTREACH MINISTRIES

Feeding the families and children we serve has been one of our main priorities during the COVID-19 outbreak. Even in the best of times getting food on the table is a major concern for families in need. Now, measures to prevent the spread of COVID-19 have added to the anxieties of not only those families but those now finding themselves without income. We have shifted our operations slightly to accommodate families in need. We have made our food pantry and MIHOW (baby pantry) into a "drive-thru" distribution, adapted our Easter celebration by delivering Easter Baskets to front porches of our MIHOW children, and delivered school meals during the week the County School was scheduled for spring break.

In a normal time, our Easter Celebration would consist of children and parents gathered to hear the Easter Story, an egg hunt, and the distribution of Easter Baskets but COVID-19 made us rethink how to share this special event with our families. Our MIHOW home visitor along with the help of our VISTA workers, assembled 46 Easter Baskets and delivered them to the doorsteps of our MIHOW children. **"Dropping off a little cheer at our doorstep goes a long way during all this" says one of the MIHOW mothers.**

Now with the government enforcing the closure of schools, children around the area have lost access to free meals during the school week. The local school systems have been diligent in delivering much needed meals to our children. However, during the week of March 30th, the school was scheduled for spring break leaving a week children would not receive meals. **Henderson Settlement partnered with another local school that agreed for us to pick up meals and deliver to our children. With God's Blessing we were able to deliver 1700 meals to children during that week.**

"I will instruct thee and teach thee in the way which thou shalt go: I will guide thee with mine eyes" Psalm 32:8

Awesome!

Look what we got!

We Miss YOU!
