2020 Home Build

Our anticipated Spring, 2020 start of our 39th foundation-up home build was initially postponed to the Fall due to the COVID -19 outbreak and measures undertaken to slow its spread. Unfortunately, the situation has continued to deteriorate, and we have just made the decision to cancel this year's build. The recipient family was the victim of a home fire that totally destroyed their former home, forcing them to take temporary refuge with a relative.

This is a typical completed home.

While disappointed with our 2020 reality, we are optimistic and excited to use this as an opportunity to prepare our Home Build ministry for its next decade of service. Our Leadership Team is unanimous in our belief that this need, for select family situations, will continue to exist. We are excited to make some changes to be even better prepared to respond.

"The Family"

If you, your church family, your senior youth group or other team feel called to share your skills and resources to participate in one or more weeks of a 6-week build cycle, please make contact with Jerry Lambdin at 606-337-3613, ext 315 to learn more about the program. There are segments of this build cycle that are a fit for almost any skill level. Since this is construction work on a construction site, it is not an appropriate opportunity for younger children.

These are typical

Building site where the family has already prepped the

Here are a few photos of one of several similar designs that we construct in order to bless our homeless community families. At the bottom right is the prepared build site for our 2021 recipient families' new home. **The foundation will soon be completed so that we are ready for your participation!**
