Imagine…

Imagine that all around you are beautiful forested hills, laced with creeks, aflame with red and orange leaves in the fall, and filled with deer, wild turkeys, and even bear. Your life is challenging in the midst of this beauty. There aren't many jobs or many of the conveniences others take for granted.

Imagine… you're a young mother feeling overwhelmed with the responsibility of your new baby. Thankfully, Henderson Settlement's MIHOW Program is there to help with diapers, baby clothes, and equipment, and best of all, the guidance, friendship, and support of an experienced mom and qualified MIHOW staffer.

Imagine… You've had a long and satisfying life in these home hills, but now you're widowed and your children have moved far away. You might feel isolated and vulnerable, but you know you can count on Henderson Settlement's Senior Program to provide food and companionship. You enjoy coming to the Settlement to work on sewing and craft projects with your friends and to see what's new in the Thrift Shop, and this summer a work crew is coming to fix your porch.

Imagine… You're 15 years old. It's a little scary to think about life after high school, but you can count on the leaders who have encouraged and applauded you since you were little at Summer Recreation and the After-School Program, and now in the Youth Teen Group. You've been on trips, in Bible study, and playing sports with Henderson Settlement, and you know the Settlement will help you with Scholarship money and follow you with prayer as you move forward.

Imagine… you live in Ohio, Michigan, Florida or anywhere, and God has put Henderson Settlement and His people in Kentucky and Tennessee on your heart.

Come and See! Bring your youth group or adults from your church, and see what God is doing here and what He can do through you.

Imagine… an adventure at Henderson Settlement.

Lois

Long Term Work Volunteer
