Our Spring Appeal

In mid-March, 2020, the Settlement Lead Team made the decision to shutter Work Camp operations and to suspend on-campus visits by non-staff members from outside the community. This was done to best protect our community and staff members from transmission of the COVID-19 virus. Work Camp donations support a large portion of our operation, so as these have dropped to near zero, general donations to our Spring Appeal have been even more critical.

We wish to thank you for your tremendous response in the face of economic challenges we know are also impacting your families! Your generosity has enabled us to continue to operate our Food Pantry, care for our community Seniors and infants, care for our livestock, operate our greenhouse, and maintain our scaled back facilities use. **While we continue to struggle daily with availability of operating cash, we have been able to survive due to your generosity.**
