AMERICAN COLLEGE OF PHYSICIANS | OREGON CHAPTER

2026 ANNUAL SPONSORSHIP PROSPECTUS

ABOUT OREGON ACP

The Oregon Chapter of the American College of Physicians (ACP) supports internal medicine physicians through education, professional connection, advocacy, and clinical excellence. Our work centers on advancing high-quality patient care, ethical medical practice, and professional development for physicians across Oregon. We engage members primarily via numerous high-impact events, with our annual Chapter Meeting each Fall serving as our signature program. In addition, we communicate with our members throughout the year with our semimonthly Bulletin, special email blasts, and social media.

PURPOSE OF SPONSORSHIP PROGRAM

The Oregon ACP Sponsorship Program is designed to build mission-aligned partnerships that support our educational and professional activities while preserving full independence over clinical and educational content. As the recognition of support by exhibitors at the Chapter Meeting is limited to that event, sponsorship reflects continuous annual support for the Chapter, and Chapter sponsors are therefore recognized regularly in our communications throughout the entire year.

This Year 1 Pilot prioritizes:

- A limited number of gold sponsors
- A strong foundation for long-term relationships

IMPORTANT SPONSORSHIP AND COMPLIANCE INFORMATION

In accordance with accreditation and continuing education requirements, sponsor recognition is limited. Sponsors cannot receive prominent logo placement on materials that contain or may be associated with educational content. Sponsor logos and acknowledgments will be displayed only in a manner consistent with applicable continuing education standards.

Sponsors and exhibitors should also be aware that exhibit and promotional activities must remain physically separate from educational programming. Exhibit tables and displays may not be located within the educational meeting space or in any room where accredited educational content is being presented. All exhibit activities must be conducted in designated exhibit areas.

Complimentary Chapter Meeting registrations provided as part of a sponsorship package may not be used by eligible learners or attendees participating in accredited educational activities. Complimentary registrations should be assigned to employees or representatives of the sponsoring organization who are not participating as learners. Additionally, if participating in educational sessions, representatives of ineligible companies may not wear apparel, badges, or other items displaying company logos.
