

## WORKFORCE ITSC MASTERCLASS SERIES: TRANSFORMATION IN THE DIGITAL AGE

Is digital transformation on your mind? With 33 states reporting plans in their technology profiles to replace or modernize more than 70 IT systems in the next three years, you are not alone. Workforce ITSC's [Transformation in the Digital Age Masterclass Series](#) can help you and your organization through a changing and increasingly digital world with inspirational videos and live learning events.

Prepare for the series by familiarizing yourself with the topic.

1. To start, the Workforce Technology Collection in NASWA's Knowledge Exchange Library is currently home to [nearly 300 resources](#) related to digital transformation; including best practices, articles, policy briefs, toolkits, and webinars.
2. Look to our [Solutions Marketplace](#) to familiarize yourself with consultants, vendors, and not-for-profit organizations to assist you with your transformation plans.
3. Still not sure where to start? Head to the [Masterclass Series web page](#) and complete the Quick Start Action Tool (QSAT) to find out and create a roadmap for the next steps in your digital transformation journey.
