

## Help Workforce IT Support Center Improve!

Have you used Workforce ITSC's **Online Tools** over the past three years? Whether you've been an avid user since their release, or you are just seeing the tools for the first time, we want to hear from you!

Workforce ITSC recently updated the State Technology Profiles and Workforce Technology Collection in the NASWA Knowledge Exchange Library to provide an enhanced user experience and is now further evaluating all its online tools. We want to know what we can do to continue to improve usability and provide meaningful information.

Email [witsc@naswa.org](mailto:witsc@naswa.org) with any feedback you may have. We look forward to hearing your thoughts as we work to improve our tools and services.
