

To the Have a Heart crew,

THANK YOU for the incredibly generous gift of a coffee maker to Edible Hope Kitchen. After shipping and installation, we got the coffee maker up and running two weeks ago, and I cannot quite express the difference it has made. A reliable and quick coffee maker has eased tension among volunteers, prevented an awful lot of headaches (in more ways than one) for the whole team, AND most importantly, brought joy and warmth to our vulnerable guests. I am so thankful that I can greet guests with the dignity and welcome a warm cup of coffee contains, and we wouldn't be able to reliably do that without your thoughtful support. This gift reflects the kindness and care Epiphany has shown time and time again—we are so grateful for your partnership.

With Heartfelt appreciation,

Nick Gardner, Edible Hope Kitchen Manager
