

The Office of Health Equity Presents: The 2017 Summer Brown Bag Training Series!

In support of Virginia's Plan for Well-Being and VDH's Strategic Plan, we are offering an exciting new training series! This series explores how to address health disparities present in the Commonwealth. We will look at underlying factors that impact health, such as location and culture. We will explore interventions that are making a difference.

Since health begins where we live, work, and play, when we understand how these areas affect health outcomes we can start to build a foundation for everyone to have a chance to live a healthy life.
