

Celebrity Edge

The ship was like no other I'd been on. Although this was a two-day, introductory cruise to nowhere, I never felt the desire to leave this ship. My cabin, really the entire ship, had the feel of a stylish, contemporary hotel with restaurants, and shops, entertainment and a lounge that reminded me of some of the "Edgy" places I've been to in New York, Miami and Las Vegas. On the first day, we ate lunch at the buffet where the food choices were vast and unbelievably exquisite. I've never seen so many excellent, high quality, fresh choices on a buffet. As an Italian, I liked the Italian options the best. After lunch, we ventured to the top deck, outdoor lounge. With the warm sun on our faces, we enjoyed the modern lounge feel while we listened to the band and drank wine. After sunset we went to the back of the ship to the Eden lounge. This was the most unique lounge I've ever seen. The two-story lounge was so interesting with lush greenery from floor to ceiling and a massive, glass wall view of the ship's wake in the ocean behind us. Later that night we returned to Eden to witness the most interesting live, interactive show I've ever witnessed. It was like experiencing the dawn of creation right before for my eyes. Fascinating, and at the same time a little eerie. The entranceway to Eden was like going back through eons of time to arrive at where it all began. A must see!!

My favorite dining experience on the ship was the Greek cuisine in Cyprus Restaurant. It was elegant and delicious! I chose the classic Greek salad, Escargots a la Bourguignonne and the signature Aged Prime Rib of Beef. Oh my! Fabulous!! This was one of the best meals I've ever had.

As I travelled throughout the Edge, my preconceived concerns of being in peoples' way by riding a scooter disappeared as a result of the extra wide walkways and doorways throughout the ship. I never felt like I was in anyone's way riding my scooter from place to place. As I scooted throughout the wide walkways, I stopped at several of the incredible shops to checkout the exquisitely, beautiful merchandise.

All levels of the pool deck were especially easy to access with my scooter and both decks were roomy enough to easily maneuver my scooter to locate a lounge chair perfectly positioned in the sun with a view of the ocean and of the beautiful people lounging around the pool.

Overall, my Celebrity Edge experience was amazing, exciting, comfortable and especially accommodating. Now that I've experienced the ease of cruising with a scooter on the Edge, I foresee more cruises in my future. All my hesitations of cruising with my disability have been eliminated. Thank you, Lenny, for your encouragement, your hospitality and most of all for your friendship. I'm looking forward to our next cruise!
