The NLLD works hard every day to improve drainage and enhance flood protection for you and 65,000 other residents north of the Intercoastal Waterway in Lafourche Parish.

North Lafourche Levee District  
P.O. Box 309  
Thibodaux, LA 70302-0309

See more projects around the district at [www.NorthLafourcheLevee.com](http://www.NorthLafourcheLevee.com)

### Leighton and Rienzi Drainage Studies:

These studies were performed to review any current drainage issues in these areas and also identify potential development to find holistic projects to solve the current problems and be proactive to allow for future development. We expect the first projects from these studies to start in 2019.
