A Celebration in Engineering

February 24, 2026 | 5:30PM

Thank you to everyone who joined us Tuesday evening for the Rochester Engineering Society's Celebration of Engineering Dinner!

Held during National Engineers Week, the evening was a special opportunity to recognize the innovation, dedication, and impact of engineers across our community. We are grateful to our members, corporate members, affiliates, and our speaker, Mike Kurdziel, who made the night such a success!

To all engineers, thank you for the work you do every day to design, build, problem-solve, and improve the world around us. Your expertise and commitment make a lasting difference. We're proud to celebrate you this week and always!

of Technology

RIT researchers formulate a new “recipe” for 3D bioprinting stronger, human-like tissues

RIT researchers have developed an ideal recipe that could advance how bio-tissues are produced.

RIT researcher studies how exercise could reduce the risk of aneurysm rupture

An aneurysm can produce a life-threatening emergency if it ruptures. RIT Professor Zhongwang Dou believes physical activity just might alter that risk.

JOB POSTINGS

Would you like to post an ad in the RES job postings newsletter & website? **To submit a job posting for our newsletter, email RES@frontiernet.net.**

New York State Pay Transparency Law requires all job, promotion, or transfer opportunities advertised by an employer to include a salary, hourly rate, or range of pay. For any job descriptions sent to the Rochester Engineering Society for posting, please include the pay ranges for the positions. We reserve the right to not post the job until that information is included.
