Rochester History

*A Sampling from the Archives of the
Rochester Engineering Society...1897 - 1980*

Continuing with the historical sampling of the earlier writings on behalf of the Rochester Engineering Society, the years following "The Great War", into and through the "Great Depression", continued to be a time of reaching out for the maturing Society, both locally and nationally.

U OF R NEWS
●●●●●

Driven to be ever better through off-roading

URochester students gain hands-on engineering experience through designing, building, and racing off-road vehicles together.

How AI helps World Cup referees make the call

Computer vision won't replace referees at the World Cup. But it can help them make better calls when every inch matters.

An out-of-this-world design hits the high notes

Medicine, engineering, and pedagogy experts harmonize to help a French horn student overcome a rare throat condition.

AI reveals how the brain clears harmful waste

The new approach combines MRI scans and AI tools to measure fluid flow linked to diseases such as Alzheimer's.

JOB POSTINGS

- **Senior Electrical Engineer**- Patriot Design & Consulting

Would you like to post an ad in the RES job postings newsletter & website? **To submit a job posting for our newsletter, email RES@frontiernet.net.**

New York State Pay Transparency Law requires all job, promotion, or transfer opportunities advertised by an employer to include a salary, hourly rate, or range of pay. For any job descriptions sent to the Rochester Engineering Society for posting, please include the pay ranges for the positions. We reserve the right to not post the job until that information is included.

More Information.
