

FIRE TRUCK DISPLAYS

Columbus Fire/EMS attended several Back-to-School community events this month. Station 10's crew (back row left to right) Sgt. Kyle Hodge, FF DeAndre Martin, FF Dejon Broussard, FF Dickson and Muscogee County School District's Teacher Quality Specialist Mrs. Kyra Johnson kicked things off at Baker Middle School by greeting students and handing out fire safety material to parents, kids, school faculty members, and others. CFEMS fire truck display was the main attraction as fire personnel introduced our unit to children of all ages. Other back-to-school events were held by Christians Roundtable Inc., Columbus Parks and Recreation, Girls Inc, MoreHouse School of Medicine, Columbus Health Department, Easterseals West GA, and more!

COLUMBUS FEMS BUSINESS ANALYST

Columbus Fire EMS would like to welcome Mrs. Rebecca Daughtry to our team as the department's first Business Analyst. Rebecca will work alongside the Executive Chief Staff to assess business processes, determine requirements, and make data driven recommendations for operational improvement. We salute Rebecca and thank her for accepting this position.

NEW APPARATUS

Columbus Fire and EMS received two fire trucks this month, one fire engine and a fire ladder unit. These units will replace older models that have reached end-of-life. Thank you to the Mayor, the City Council and all who played a part in making this possible.

Commission on Accreditation of Allied Health Education Programs (CAAHEP) CAAHEP

Congratulations to Columbus Fire and EMS on achieving continuous CAAHEP accreditation for Paramedic Certificate program. Congrats!
