

This program for 9th-12th graders meets once a month on Thursdays from 7-8pm either on Zoom or in an outdoor, socially-distant setting.

Teens will get to learn about and discuss different current events through a Jewish lens with members of the clergy and other guests.

Because we want to address the most current issues facing our society, we will be announcing topics two months at a time.

Join us for one or both of our first sessions!

**Judaism & Civic Responsibility**  
with Rabbi Michael Fel and Dr. Eitan Hersh, Thursday, November 12, 7-8pm

**Jews in the Time of Pandemics: How Jewish Communities have Responded to Pandemics Throughout History**  
with Rabbi Rachel Zerlin, Thursday, December 3, 7-8pm
