

Welcome to Breeze, our new Church Management Software. The information below details how to download the Breeze App, as well as change your password. As pictures are taken, they will be added to each person's profile. Phone numbers are also in the process of being added. The Breeze App will replace Church Life.

Go to your App Store or Google Play Store and search for “Breeze chms.” Download Breeze ChMS.

OR open the camera on your phone and focus it on the QR code below. You will immediately be sent a link to the Breeze App.

Once the App has downloaded, click connect.

What is your Church ID?

e.g. calvary

Continue

For example, if you log into Breeze using calvary.breezechms.com, your church ID is calvary.

[I Need More Help](#)

Our Church ID is Oakland. Type “Oakland” into the white box and then click continue.

Your username is your first and last name with no space in between and no capital letters. For example, jeffhayes.

Your password is obc123.

Enter your username and password and then click on the sign in button.

Dashboard

My Profile

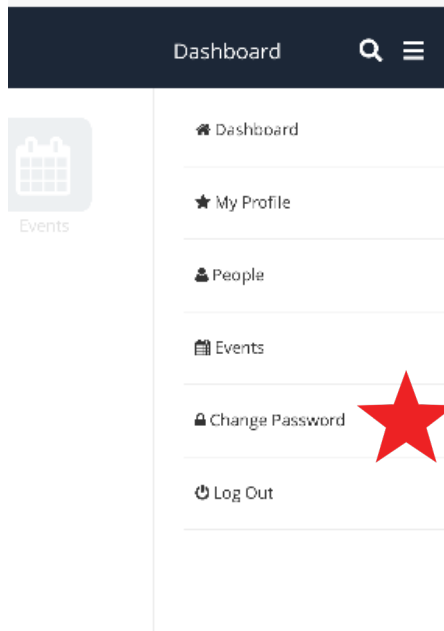

People

Events

After you are signed in you will be taken to your dashboard. More features will be added, but currently you will see a star that takes you directly to your profile, a person that takes you to our directory (phone numbers and pictures will be added soon) and a calendar that takes you to a calendar of upcoming events.

The first thing you need to do is change your password from obc123 to something unique to you. To do this click on the three white lines on the top right of your dashboard.

Click Change Password.

A screenshot of a "Change Password" modal form. The form has a title bar with "Change Password" and a close button (x). It contains three input fields: "Current Password", "New Password", and "Confirm New Password". At the bottom of the form are two buttons: "Cancel" and "Update Password". A large red star is placed over the "Update Password" button.

In the box under Current Password enter "obc123".

In the box under New Password enter a password that is unique to you.

In the box under Confirm New Password enter the password that is unique to you again.

Then click Update Password.
