

Advanced Manufacturing

Begin a career in Manufacturing and CNC Machining

Trainings begin January 2019

Attend one of these upcoming Information & Application Sessions:

Franklin Hampshire Career Center
One Arch Place (2nd Floor), Greenfield

- Monday, September 10
- Wednesday, October 10
- Monday, December 3

GCC Downtown Center
270 Main Street, Greenfield

- Monday, November 5
- Monday, January 7, 2019

All Information & Application Sessions are from 3:00 - 4:30 pm
Sign up at www.gcc.mass.edu/manufacturing or (413) 774-4361

Apply early to see to if you qualify for available funding
- most students pay nothing out of pocket for training.

Veterans, women, unemployed, and other under-represented groups are especially encouraged to apply.

This project is funded in part by an Advanced Manufacturing Training grant awarded to the Franklin Hampshire Regional Employment Board by the Executive Office of Housing and Economic Development, as well as a \$7,000 AMP It Up! grant in 2018 from the Manufacturing Futures program of MassDevelopment.

Greenfield Community College and Franklin Hampshire Regional Employment Board are affirmative action/equal opportunity institutions. Auxiliary aids and services are available on request for individuals with disabilities. For disability accommodation, please contact the GCC Coordinator of Disability Services (413) 775-1812.

Foundational Manufacturing Training

Out of work? In a job that pays too little? Graduating soon? Wish you'd taken a vocational pathway?

Take your first step on a rewarding career pathway!

The 4-week **Foundational Manufacturing** training is held Monday - Thursday (and some Fridays), 4:00-9:15 pm for 20 hrs/week in Greenfield, plus online trainings.

Classes include:

- Metrology
- Blueprint Reading I
- Introduction to Lean Manufacturing
- Manufacturing Math
- OSHA 10 General Industry
- Career Planning & Job Search Skills

Prepare for new possibilities:

- **Immediate employment** for entry-level positions as Production Workers, Assembly Technicians, Shipping & Receiving Clerks for metal, plastic, food and other manufacturers in Franklin and Hampshire Counties (\$11 - \$13/hr)
- **Potential advancement** into upcoming Computer Numerical Control (CNC) Operator trainings - experienced precision machinists can make \$40,000 to \$75,000 annually

CNC Operator Training

Already in the manufacturing field? Ready to advance? Want to learn a new trade?

Local manufacturers are hiring!

The 8-week **Computer Numerical Control (CNC)** Operator trainings is held Monday - Thursday (and some Fridays), 4:00-9:15 pm for 20 hrs/week in class at the Franklin County Technical School, plus online trainings.

Classes include:

- Blueprint Reading II
- Introduction to CAD
- CNC Mill Operations
- CNC Programming
- CNC Career Readiness
- CNC Lathe Operations

Trainings will prepare you for an entry level position as a machinist:

- Starting wages range from \$13/hr to \$22/hr.
- More advanced courses toward a 1-year certificate or an associates degree with an Engineering Technology focus
- Experienced precision machinists can make \$40,000 to \$75,000 annually

Programs are offered through a partnership between GCC, Franklin County Technical School, the Franklin-Hampshire Regional Employment Board and Career Centers, area manufacturing companies and community partners to meet the growing need for skilled workers in manufacturing.

Funding may be available for eligible participants.

Veterans, women, unemployed, and other under-represented groups are encouraged to apply

Space is limited.
