

The Garden: A Center for Grieving Children and Teens

A Family Support Program for Youth (ages 5-18) and their adult caregiver(s)

Know a grieving child or family? The Garden gives youth, ages 5-18, and their adult caregivers, a safe place to share, remember, and connect with others who are also grieving. This program, for the whole family, meets in person.

There are no limits on how, where, or when the death occurred. This program is free.
