**TAPESTRY HEALTH ASKS SPRINGFIELD COMMUNITY FOR SUPPORT IN
FINDING A NEW SPACE FOR MASON SQUARE WIC OFFICE**

Springfield, MA – Tapestry Health is asking the local community for help after receiving news that they have three months to find a new location for their Mason Square WIC office on Wilbraham Rd, after 20 years. Baystate Health, who owns the property, has recently decided not to renew the lease, so Tapestry is looking to local organizations and the community for any leads on a potential new home. The Springfield North WIC program is one of the states most successful WIC programs and has been an integral part of the Springfield community. Thousands of people in the area access food nutrition assistance from that location.
