

Wee Play & Learn

Wee Experts
(5-6 years):
Groundhog Finger
Puppet

What you need:

Brown, black and white
Construction Paper

Black washable marker

Glue

Scissors

[Groundhog template](#)

What to do:

1. Print out the groundhog template.
2. Have children trace and cut out all the pieces.
3. Glue all the pieces together as shown in the image.
3. Have children draw the groundhogs mouth using a black washable marker.
4. Cut out two holes at the bottom for children's fingers.
5. The finger puppet is ready to use. Will their groundhog see its shadow?
