What to do:

1. Tear tissue paper into various sizes and shapes.
2. Take the paint brush and brush mod podge or glue onto the jar, one area at a time.
3. Take tissue paper pieces and place around the jar in the glued areas.
4. Once dry, ask the children to cut a tree branch out of the brown construction paper and glue it to the jar.
5. Once everything is dry, turn on the battery operated flameless tealight candle and place inside the jar and admire the stained glass effect.
