

Wee Play & Learn

Wee Builders(3 - 4 years): Magic Pipe Cleaners

What You Need:

- Pipe cleaners
- Plastic container or you can use plastic water bottle
- Popsicle stick
- Round magnet
- Tape

What To Do:

1. Cut the pipe cleaners in small pieces.
2. Place the pipe cleaners inside the container or water bottle and tape the container shut.
3. Glue the round magnet onto the end of the popsicle stick .
4. Let your child explore what happens when they move the magnet near the sides of the container.

Questions you can ask:

- What is happening when you put the popsicle stick close to the pipe cleaners?
- Why do you think they are moving?
- What else can we put inside the container that can be moved?
- What else can be moved with the magnet around the house?
