

Red & White Strawberry Waffles

Quick and easy strawberry waffles are great for breakfast, lunch, a snack or even dessert (if you want to substitute for vanilla ice cream.) A great time of year as strawberries are in season!

What you need:

- Strawberries (fresh if in season or frozen)
- Cream cheese, cool whip or vanilla ice cream
- Waffles (or pizzelle wafers, melba toast, crackers)

What to do:

1. Wash and cut up strawberries (if fresh). Defrost the strawberries if using frozen
2. Toast waffles
3. Spread a layer of whatever white topping you are using.
4. Top with an even layer of strawberries.
