

Wee Play & Learn

Wee Learners (4 - 5 years): DIY Nature Mobile

What You Need:

- Natural items collected from the great outdoors.

What to do:

1. Head outside with your children and collect some nature treasures like sticks, leaves, bark, acorns, pinecones, etc. Choose things that you feel are special or beautiful.
2. Choose a stick that is about the length of your arm. Tie a piece of string to the ends of the stick so that you can hang your mobile.
3. Thread your string through your treasures you have found and tie them so that they hang from the stick. You may need to help your child with hanging the items on the stick.

Note: You can also add other craft supply treasures like bells or beads.
