SIXTH GRADE TRIP TO BUEHLER

Our sixth grade students were privileged to visit the Buehler Challenger and Space Center in Paramus, NJ, this past Wednesday. It was an amazing, fun, and experiential learning opportunity. The students were able to complete a simulated mission to the International Space Center to “Rendezvous with Comet Halley.” They worked together to make sure all of the components of the mission were successful. They demonstrated focus, effective communication, and problem solving skills in launching a probe into Halley’s Comet. It was a unique and extraordinary learning experience.
